AIR TRANSPORT AGREEMENT

BETWEEN

THE GOVERNMENT OF

THE UNITED STATES OF AMERICA

AND

THE GOVERNMENT OF

THE REPUBLIC OF POLAND

The Government of the United States of America and the Government of the Republic of Poland (hereinafter, "the Parties");

Desiring to promote an international aviation system based on competition among airlines in the marketplace with minimum government interference and regulation;

Desiring to facilitate the expansion of international air transport opportunities;

Desiring to make it possible for airlines to offer the traveling and shipping public a variety of service options at the lowest prices that are not discriminatory and do not represent abuse of a dominant position, and wishing to encourage individual airlines to develop and implement innovative and competitive prices;

Desiring to ensure the highest degree of safety and security in international air transport and reaffirming their grave concern about acts or threats against the security of aircraft, which jeopardize the safety of persons or property, adversely affect the operation of air transportation, and undermine public confidence in the safety of civil aviation; and

Being Parties to the Convention on International Civil Aviation, opened for signature at Chicago on December 7, 1944;

Have agreed as follows:
Article 1

Definitions

For the purposes of this Agreement, unless otherwise stated, the term:

1. "Aeronautical authorities" means, in the case of the United States of America, the Department of Transportation, or its successor, and in the case of the Republic of Poland, the Minister of Transport and Maritime Economy, and any person or agency authorized to perform the functions exercised at the present time by the said Minister;

2. "Agreement" means this Agreement, its Annexes, and any amendments thereto;

3. "Air transportation" means the public carriage by aircraft of passengers, baggage, cargo, and mail, separately or in combination, for remuneration or hire;

4. "Convention" means the Convention on International Civil Aviation, opened for signature at Chicago on December 7, 1944, and includes:
   a. any amendment that has entered into force under Article 94(a) of the Convention and has been ratified by both Parties, and
   b. any Annex or any amendment thereto adopted under Article 90 of the Convention, insofar as such Annex or amendment is at any given time effective for both Parties;

5. "Designated airline" means an airline designated and authorized in accordance with Article 3 of this Agreement;

6. "Full cost" means the cost of providing service plus a reasonable charge for administrative overhead;

7. "International air transportation" means air transportation that passes through the airspace over the territory of more than one State;

8. "Price" means any fare, rate or charge for the carriage of passengers (and their baggage) and/or cargo (excluding mail) in air transportation charged by airlines, including their agents, and the conditions governing the availability of such fare, rate or charge;

9. "Stop for non-traffic purposes" means a landing for any purpose other than taking on or discharging passengers, baggage, cargo and/or mail in air transportation;

10. "Territory of a Party" means the land areas under the sovereignty, jurisdiction, protection, or trusteeship of a State whose government is a Party to this Agreement, and the territorial waters adjacent thereto; and
11. "User charge" means a charge imposed on airlines for the provision of airport, air navigation, or aviation security facilities or services including related services and facilities.

Article 2

Grant of Rights

1. Each Party grants to the other Party the following rights for the conduct of international air transportation by the airlines of the other Party:

a. the right to fly across its territory without landing;

b. the right to make stops in its territory for non-traffic purposes; and

c. the rights otherwise specified in this Agreement.

2. Nothing in this Article shall be deemed to confer on the airline or airlines of one Party the rights to take on board, in the territory of the other Party, passengers, their baggage, cargo, or mail carried for compensation and destined for another point in the territory of that other Party.

Article 3

Designation and Authorization

1. Each Party shall have the right to designate as many airlines as it wishes to conduct international air transportation in accordance with this Agreement and to withdraw or alter such designations. Such designations shall be transmitted to the other Party in writing through diplomatic channels, and shall identify whether the airline is authorized to conduct the type of air transportation specified in Annex I or in Annex II or both.

2. On receipt of such a designation, and of applications from the designated airline, in the form and manner prescribed for operating authorizations and technical permissions, the other Party shall grant appropriate authorizations and permissions with minimum procedural delay, provided:

a. substantial ownership and effective control of that airline are vested in the Party designating the airline, nationals of that Party, or both;

b. the designated airline is qualified to meet the conditions prescribed under the laws and regulations normally applied to the operation of international air transportation by the Party considering the application or applications; and
c. the Party designating the airline is maintaining and administering the standards set forth in Article 6 (Safety) and Article 7 (Aviation Security).

Article 4

Revocation of Authorization

1. Either Party may withhold, revoke, limit or impose conditions on the operating authorizations or technical permissions of an airline designated by the other Party where:

   a. substantial ownership and effective control of that airline are not vested in the other Party, the Party's nationals, or both;

   b. that airline has failed to comply with the laws and regulations referred to in Article 5 (Application of Laws) of this Agreement; or

   c. the other Party is not maintaining and administering the standards as set forth in Article 6 (Safety).

2. Unless immediate action is essential to prevent further noncompliance with subparagraphs 1(b) or 1(c) of this Article, the rights established by this Article shall be exercised only after consultation with the other Party.

3. This Article does not limit the rights of either Party to withhold, revoke, limit or impose conditions on the operating authorization or technical permission of an airline or airlines of the other Party in accordance with the provisions of Article 7 (Aviation Security).

Article 5

Application of Laws

1. While entering, within, or leaving the territory of one Party, its laws and regulations relating to the operation and navigation of aircraft shall be complied with by the other Party's airlines.

2. While entering, within, or leaving the territory of one Party, its laws and regulations relating to the admission to or departure from its territory of passengers, crew or cargo on aircraft (including regulations relating to entry, clearance, aviation security, immigration, passports, customs and quarantine or, in the case of mail, postal regulations) shall be complied with by, or on behalf of, such passengers, crew or cargo of the other Party's airlines.
Article 6

Safety

1. Each Party shall recognize as valid, for the purpose of operating the air transportation provided for in this Agreement, certificates of airworthiness, certificates of competency, and licenses issued or validated by the other Party and still in force, provided that the requirements for such certificates or licenses at least equal the minimum standards that may be established pursuant to the Convention. Each Party may, however, refuse to recognize as valid for the purpose of flight above its own territory, certificates of competency and licenses granted to or validated for its own nationals by the other Party.

2. Either Party may request consultations concerning the safety standards maintained by the other Party relating to aeronautical facilities, aircrews, aircraft, and operation of the designated airlines. If, following such consultations, one Party finds that the other Party does not effectively maintain and administer safety standards and requirements in these areas that at least equal the minimum standards that may be established pursuant to the Convention, the other Party shall be notified of such findings and the steps considered necessary to conform with these minimum standards, and the other Party shall take appropriate corrective action. Each Party reserves the right to withhold, revoke, or limit the operating authorization or technical permission of an airline or airlines designated by the other Party in the event the other Party does not take such appropriate corrective action within a reasonable time.

Article 7

Aviation Security

1. In accordance with their rights and obligations under international law, the Parties reaffirm that their obligation to each other to protect the security of civil aviation against acts of unlawful interference forms an integral part of this Agreement. Without limiting the generality of their rights and obligations under international law, the Parties shall in particular act in conformity with the provisions of the Convention on Offenses and Certain Other Acts Committed on Board Aircraft, signed at Tokyo on September 14, 1963, the Convention for the Suppression of Unlawful Seizure of Aircraft, signed at The Hague on December 16, 1970, and the Convention for the Suppression of Unlawful Acts against the Safety of Civil Aviation, signed at Montreal on September 23, 1971.

2. The Parties shall provide upon request all necessary assistance to each other to prevent acts of unlawful seizure of civil aircraft and other unlawful acts against
the safety of such aircraft, of their passengers and crew, and of airports and air navigation facilities, and to address any other threat to the security of civil aviation.

3. The Parties shall, in their mutual relations, act in conformity with the aviation security standards and appropriate recommended practices established by the International Civil Aviation Organization and designated as Annexes to the Convention; they shall require that operators of aircraft of their registry, operators of aircraft who have their principal place of business or permanent residence in their territory, and the operators of airports in their territory act in conformity with such aviation security provisions.

4. Each Party agrees to observe the security provisions required by the other Party for entry into, for departure from, and while within the territory of that other Party and to take adequate measures to protect aircraft and to inspect passengers, crew, and their baggage and carry-on items, as well as cargo and aircraft stores, prior to and during boarding or loading. Each Party shall also give sympathetic consideration to any request from the other Party for special security measures to meet a particular threat.

5. When an incident or threat of an incident of unlawful seizure of aircraft or other unlawful acts against the safety of passengers, crew, aircraft, airports or air navigation facilities occurs, the Parties shall assist each other by facilitating communications and other appropriate measures intended to terminate rapidly and safely such incident or threat.

6. When a Party has reasonable grounds to believe that the other Party has departed from the aviation security provisions of this Article, the aeronautical authorities of that Party may request immediate consultations with the aeronautical authorities of the other Party. Failure to reach a satisfactory agreement within 15 days from the date of such request shall constitute grounds to withhold, revoke, limit, or impose conditions on the operating authorization and technical permissions of an airline or airlines of that Party. When required by an emergency, a Party may take interim action prior to the expiry of 15 days.

Article 8

Commercial Opportunities

1. The airlines of each Party shall have the right to establish offices, representations and/or branches in the territory of the other Party for the promotion and sale of air transportation in accordance with the applicable national laws and regulations of the other Party, provided
that they are administered in a non-discriminatory manner and do not limit the rights provided in this paragraph.

2. The designated airlines of each Party shall be entitled, in accordance with the laws and regulations of the other Party relating to entry, residence, and employment, to bring in and maintain in the territory of the other Party managerial, sales, technical, operational, and other specialist staff required for the provision of air transportation.

3. Each designated airline shall have the right to perform its own ground-handling in the territory of the other Party ("self-handling") or, at its option, select among competing agents authorized by competent authorities for such services in whole or in part. The rights shall be subject only to physical constraints resulting from considerations of airport safety. Where such considerations preclude self-handling, ground services shall be available on an equal basis to all airlines; charges shall be based on the costs of services provided; and such services shall be comparable to the kind and quality of services as if self-handling were possible.

4. Any airline of each Party may engage in the sale of air transportation in the territory of the other Party directly and, at the airline's discretion, through its agents, except as may be specifically provided by the charter regulations of the country in which the charter originates that relate to the protection of passenger funds, and passenger cancellation and refund rights. Each airline shall have the right to sell such transportation, and any person shall be free to purchase such transportation, in the currency of that territory or in freely convertible currencies. Either Party may maintain and enforce its applicable national laws and regulations, provided that they are administered in a non-discriminatory manner and do not limit the rights provided in this paragraph.

5. Each airline shall have the right to convert and remit to its country, on demand, local revenues from the exercise of rights under this Agreement in excess of sums locally disbursed. Conversion and remittance shall be permitted promptly without restrictions or taxation in respect thereof at the rate of exchange applicable to current transactions and remittance on the date the airline makes the initial application for remittance. Either Party may maintain and enforce its applicable national laws and regulations, provided that they are administered in a non-discriminatory manner and do not limit the rights provided in this paragraph.

6. The airlines of each Party shall be permitted to pay for local expenses, including purchases of fuel, in the territory of the other Party in local currency. At their discretion, the airlines of each Party may pay for such expenses in the territory of the other Party in freely
convertible currencies according to local currency regulation.

7. In operating or holding out the authorized services on the agreed routes, any designated airline of one Party may enter into cooperative marketing arrangements such as blocked-space, code-sharing or leasing arrangements, with

a) an airline or airlines of either Party;

b) an airline or airlines of a third country, provided that such third country authorizes or allows comparable arrangements between the airlines of the other Party and other airlines on services to, from and via such third country; and

c) a surface transportation provider of any country;

provided that all participants in such arrangements (i) hold the appropriate authority and (ii) meet the requirements normally applied to such arrangements.

8. Notwithstanding any other provision of this Agreement, airlines and indirect providers of cargo transportation of both Parties shall be permitted, without restriction, to employ in connection with international air transportation any surface transportation for cargo to or from any points in the territories of the Parties or in third countries, including transport to and from all airports with customs facilities, and including, where applicable, the right to transport cargo in bond under applicable laws and regulations. Such cargo, whether moving by surface or by air, shall have access to airport customs processing and facilities. Airlines may elect to perform their own surface transportation or to provide it through arrangements with other surface carriers, including surface transportation operated by other airlines and indirect providers of cargo air transportation. Such intermodal cargo services may be offered at a single, through price for the air and surface transportation combined, provided that shippers are not misled as to the facts concerning such transportation.

Article 9

Customs Duties and Charges

1. On arriving in the territory of one Party, aircraft operated in international air transportation by the designated airlines of the other Party, their regular equipment, ground equipment, fuel, lubricants, consumable technical supplies, spare parts (including engines), aircraft stores (including but not limited to such items of food, beverages and liquor, tobacco and other products destined for sale to or use by passengers in limited quantities during flight), and other items intended for or used solely in connection with the operation or servicing
of aircraft engaged in international air transportation
shall be exempt, on the basis of reciprocity, from all
import restrictions, property taxes and capital levies,
customs duties, excise taxes, and similar fees and charges
that are (i) imposed by the national authorities, and (ii)
not based on the cost of services provided, provided that
such equipment and supplies remain on board the aircraft.

2. There shall also be exempt, on the basis of
reciprocity, from the taxes, levies, duties, fees and
charges referred to in paragraph 1 of this Article, with
the exception of charges based on the cost of the service
provided:

a. aircraft stores introduced into or supplied in the
territory of a Party and taken on board for use on outbound
aircraft of an airline of the other Party engaged in
international air transportation, even when these stores
are to be used on a part of the journey performed over the
territory of the Party in which they are taken on board;

b. ground equipment and spare parts (including engines)
introduced into the territory of a Party for the servicing,
maintenance, or repair of aircraft of an airline of the
other Party used in international air transportation;

c. fuel, lubricants and consumable technical supplies
introduced into or supplied in the territory of a Party for
use in an aircraft of an airline of the other Party engaged
in international air transportation, even when these
supplies are to be used on a part of the journey performed
over the territory of the Party in which they are taken on
board; and

d. promotional and advertising materials introduced into
or supplied in the territory of one Party for use in that
territory or taken on board for use on outbound aircraft of
an airline of the other Party engaged in international air
transportation, even when these stores are to be used on a
part of the journey performed over the territory of the
Party in which they are taken on board.

3. Equipment and supplies referred to in paragraphs 1 and
2 of this Article may be required to be kept under the
supervision or control of the appropriate authorities.

4. The exemptions provided by this Article shall also be
available where the designated airlines of one Party have
contracted with another airline, which similarly enjoys
such exemptions from the other Party, for the loan or
transfer in the territory of the other Party of the items
specified in paragraphs 1 and 2 of this Article.
Article 10

User Charges

1. User charges that may be imposed by the competent charging authorities or bodies of each Party on the airlines of the other Party shall be just, reasonable, not unjustly discriminatory, and equitably apportioned among categories of users. In any event, any such user charges shall be assessed on the airlines of the other Party on terms not less favorable than the most favorable terms available to any other airline at the time the charges are assessed.

2. User charges imposed on the airlines of the other Party may reflect, but shall not exceed, the full cost to the competent charging authorities or bodies of providing the appropriate airport, airport environmental, air navigation, and aviation security facilities and services at the airport or within the airport system. Such charges may include a reasonable return on assets, after depreciation. Facilities and services for which charges are made shall be provided on an efficient and economic basis.

3. Each Party shall encourage consultations between the competent charging authorities or bodies in its territory and the airlines using the services and facilities, and shall encourage the competent charging authorities or bodies and the airlines to exchange such information as may be necessary to permit an accurate review of the reasonableness of the charges in accordance with the principles of paragraphs (1) and (2) of this Article. Each Party shall encourage the competent charging authorities to provide users with reasonable notice of any proposal for changes in user charges to enable users to express their views before changes are made.

4. Neither Party shall be held, in dispute resolution procedures pursuant to Article 14 (Settlement of Disputes), to be in breach of a provision of this Article, unless (i) it fails to undertake a review of the charge or practice that is the subject of complaint by the other Party within a reasonable amount of time; or (ii) following such a review it fails to take all steps within its power to remedy any charge or practice that is inconsistent with this Article.

Article 11

Fair Competition

1. Each Party shall allow a fair and equal opportunity for the designated airlines of both Parties to compete in providing the international air transportation governed by this Agreement.
2. Each Party shall allow each designated airline to determine the frequency and capacity of the international air transportation it offers based upon commercial considerations in the marketplace. Consistent with this right, neither Party shall unilaterally limit the volume of traffic, frequency or regularity of service, or the aircraft type or types operated by the designated airlines of the other Party, except as may be required for customs, technical, operational, or environmental reasons under uniform conditions consistent with Article 15 of the Convention.

3. Neither Party shall impose on the other Party's designated airlines a first-refusal requirement, uplift ratio, no-objection fee, or any other requirement with respect to capacity, frequency or traffic that would be inconsistent with the purposes of this Agreement.

4. Neither Party shall require the filing of schedules, programs for charter flights, or operational plans by airlines of the other Party for approval, except as may be required on a non-discriminatory basis to enforce the uniform conditions foreseen by paragraph 2 of this Article or as may be specifically authorized in an Annex to this Agreement. If a Party requires filings for information purposes, it shall minimize the administrative burdens of filing requirements and procedures on air transportation intermediaries and on designated airlines of the other Party.

Article 12
Pricing

1. Each Party shall allow prices for air transportation to be established by each airline based upon commercial considerations in the marketplace. Intervention by the Parties shall be limited to:

   a. prevention of unreasonably discriminatory prices or practices;

   b. protection of consumers from prices that are unreasonably high or restrictive due to the abuse of a dominant position; and

   c. protection of airlines from prices that are artificially low due to direct or indirect governmental subsidy or support.

2. Prices for international air transportation between the territories of the Parties shall not be required to be filed. Notwithstanding the foregoing, the designated airlines of the Parties shall continue to provide immediate access, on request, to information on historical, existing, and proposed prices to the aeronautical authorities of the
Parties in a manner and format acceptable to those aeronautical authorities.

3. Neither Party shall take unilateral action to prevent the inauguration or continuation of a price proposed to be charged or charged by

(i) an airline of either Party for international air transportation between the territories of the Parties, or

(ii) an airline of one Party for international air transportation between the territory of the other Party and any other country, including in both cases transportation on an interline or intraline basis. If either Party believes that any such price is inconsistent with the considerations set forth in paragraph (1) of this Article, it shall request consultations and notify the other Party of the reasons for its dissatisfaction as soon as possible. These consultations shall be held not later than 30 days after receipt of the request, and the Parties shall cooperate in securing information necessary for reasoned resolution of the issue. If the Parties reach agreement with respect to a price for which a notice of dissatisfaction has been given, each Party shall use its best efforts to put that agreement into effect. Without such mutual agreement, the price shall go into effect or continue in effect.

Article 13

Consultations

Either Party may, at any time, request consultations relating to this Agreement. Such consultations shall begin at the earliest possible time, but not later than 60 days from the date the other Party receives the request unless otherwise agreed. If the requesting Party considers that expedited consultations are necessary to address a matter that it considers urgent, such consultations shall begin within 30 days from the date the other Party receives the request.

Article 14

Settlement of Disputes

1. Any dispute arising under this Agreement, except those that may arise under paragraph 3 of Article 12 (Pricing), that is not resolved by a first round of formal consultations may be referred by agreement of the Parties for decision to some person or body. If the Parties do not so agree, the dispute shall, at the request of either Party, be submitted to arbitration in accordance with the procedures set forth below.
2. Arbitration shall be by a tribunal of three arbitrators to be constituted as follows:

a. Within 30 days after the receipt of a request for arbitration, each Party shall name one arbitrator. Within 60 days after these two arbitrators have been named, they shall by agreement appoint a third arbitrator, who shall act as President of the arbitral tribunal;

b. If either Party fails to name an arbitrator, or if the third arbitrator is not appointed in accordance with subparagraph a of this paragraph, either Party may request the President of the Council of the International Civil Aviation Organization to appoint the necessary arbitrator or arbitrators within 30 days. If the President of the Council is of the same nationality as one of the Parties, the most senior Vice President who is not disqualified on that ground shall make the appointment.

3. Except as otherwise agreed, the arbitral tribunal shall determine the limits of its jurisdiction in accordance with this Agreement and shall establish its own procedural rules. The tribunal, once formed, may recommend interim relief measures pending its final determination. At the direction of the tribunal or at the request of either of the Parties, a conference to determine the precise issues to be arbitrated and the specific procedures to be followed shall be held not later than 15 days after the tribunal is fully constituted.

4. Except as otherwise agreed or as directed by the tribunal, each Party shall submit a memorandum within 45 days of the time the tribunal is fully constituted. Replies shall be due 60 days later. The tribunal shall hold a hearing at the request of either Party or on its own initiative within 15 days after replies are due.

5. The tribunal shall attempt to render a written decision within 30 days after completion of the hearing or, if no hearing is held, after the date both replies are submitted. The decision of the majority of the tribunal shall prevail.

6. The Parties may submit requests for clarification of the decision within 15 days after it is rendered and any clarification given shall be issued within 15 days of such request.

7. Each Party shall, to the degree consistent with its national law, give full effect to any decision or award of the arbitral tribunal.

8. The expenses of the arbitral tribunal, including the fees and expenses of the arbitrators, shall be shared equally by the Parties. Any expenses incurred by the President of the Council of the International Civil Aviation Organization in connection with the procedures of
paragraph 2.(b) of this Article shall be considered to be part of the expenses of the arbitral tribunal.

Article 15
Termination

This Agreement shall be of indefinite duration. Either Party may, at any time, give notice in writing to the other Party of its decision to terminate this Agreement. Such notice shall be sent simultaneously to the International Civil Aviation Organization. This Agreement shall terminate at midnight (at the place of receipt of the notice to the other Party) immediately before the first anniversary of the date of receipt of the notice by the other Party, unless the notice is withdrawn by agreement of the Parties before the end of this period.

Article 16
Registration with the International Civil Aviation Organization

This Agreement and all amendments thereto shall be registered with the International Civil Aviation Organization.

Article 17
Multilateral Agreements

If, after entry into force of this Agreement, both Parties become party to a multilateral agreement that addresses matters covered by this Agreement, they shall consult to determine whether the Agreement should be revised to take into account the multilateral agreement.

Article 18
Entry into Force

This Agreement shall enter into force through an exchange of diplomatic notes confirming that the internal procedures of each Party have been completed. The Agreement shall enter into force on the date of the later note. From the date of its entry into force, this Agreement shall supersede the Air Transport Agreement between the Government of the United States of America and the Government of the Polish People's Republic, signed at Warsaw on February 1, 1988, as amended.
IN WITNESS WHEREOF the undersigned, being duly authorized by their respective Governments, have signed this Agreement.

DONE at __________, this ___________ day of __________, 2001, in duplicate, in the English and Polish languages, each text being equally authentic.

FOR THE GOVERNMENT OF THE UNITED STATES OF AMERICA: FOR THE GOVERNMENT OF THE REPUBLIC OF POLAND:
ANNEX I

Scheduled Air Transportation

Section 1

Routes

Airlines of each Party designated under this Annex shall, in accordance with the terms of their designation, be entitled to perform scheduled international air transportation between points on the following routes:

A. Routes for the airline or airlines designated by the Government of the United States of America:

1. From points behind the United States of America via the United States of America and intermediate points to a point or points in the Republic of Poland and beyond.

2. For all-cargo service or services, between the Republic of Poland and any point or points.

B. Routes for the airline or airlines designated by the Government of the Republic of Poland:

1. From points behind the Republic of Poland via the Republic of Poland and intermediate points to a point or points in the United States of America and beyond.

2. For all-cargo service or services, between the United States of America and any point or points.

Section 2

Operational Flexibility

Each designated airline may, on any or all flights and at its option:

1. operate flights in either or both directions;

2. combine different flight numbers within one aircraft operation;

3. serve behind, intermediate, and beyond points and points in the territories of the Parties on the routes in any combination and in any order;

4. omit stops at any point or points;

5. transfer traffic from any of its aircraft to any of its other aircraft at any point on the routes; and

6. serve points behind any point in its territory with or without change of aircraft or flight number and may hold out and advertise such services to the public as through services;
without directional or geographic limitation and without 
loss of any right to carry traffic otherwise permissible 
under this Agreement; provided that, with the exception of 
all-cargo services, the service serves a point in the 
territory of the Party designating the airline.

Section 3

Change of Gauge

On any segment or segments of the routes above, any 
designated airline may perform international air 
transportation without any limitation as to change, at any 
point on the route, in type or number of aircraft operated; 
provided that, with the exception of all-cargo services, in 
the outbound direction, the transportation beyond such 
point is a continuation of the transportation from the 
territory of the Party that has designated the airline and, 
in the inbound direction, the transportation to the 
territory of the Party that has designated the airline is a 
continuation of the transportation from beyond such point.

ANNEX II

Charter Air Transportation

Section 1

Airlines of each Party designated under this Annex shall, 
in accordance with the terms of their designation, have the 
right to carry international charter traffic of passengers 
(and their accompanying baggage) and/or cargo (including, 
but not limited to, freight forwarder, split, and 
combination (passenger/cargo) charters):

Between any point or points in the territory of the Party 
that has designated the airline and any point or points in 
the territory of the other Party; and

Between any point or points in the territory of the other 
Party and any point or points in a third country or 
countries, provided that, except with respect to cargo 
charters, such service constitutes part of a continuous 
operation, with or without a change of aircraft, that 
includes service to the homeland for the purpose of 
carrying local traffic between the homeland and the 
territory of the other Party.

In the performance of services covered by this Annex, 
airlines of each Party designated under this Annex shall 
also have the right: (1) to make stopovers at any points 
whether within or outside of the territory of either Party; 
(2) to carry transit traffic through the other Party's 
territory; (3) to combine on the same aircraft traffic 
originating in one Party's territory, traffic originating 
in the other Party's territory, and traffic originating in
third countries; and (4) to perform international air transportation without any limitation as to change, at any point on the route, in type or number of aircraft operated; provided that, except with respect to cargo charters, in the outbound direction, the transportation beyond such point is a continuation of the transportation from the territory of the Party that has designated the airline and in the inbound direction, the transportation to the territory of the Party that has designated the airline is a continuation of the transportation from beyond such point.

Each Party shall extend favorable consideration to applications by airlines of the other Party to carry traffic not covered by this Annex on the basis of comity and reciprocity.

Section 2

Any airline designated by either Party performing international charter air transportation originating in the territory of either Party, whether on a one-way or round-trip basis, shall have the option of complying with the charter laws, regulations, and rules either of its homeland or of the other Party. If a Party applies different rules, regulations, terms, conditions, or limitations to one or more of its airlines, or to airlines of different countries, each designated airline shall be subject to the least restrictive of such criteria.

However, nothing contained in the above paragraph shall limit the rights of either Party to require airlines designated under this Annex by either Party to adhere to requirements relating to the protection of passenger funds and passenger cancellation and refund rights.

Section 3

Except with respect to the consumer protection rules referred to in the preceding paragraph, neither Party shall require an airline designated under this Annex by the other Party, in respect of the carriage of traffic from the territory of that other Party or of a third country on a one-way or round-trip basis, to submit more than a declaration of conformity with the applicable laws, regulations and rules referred to under section 2 of this Annex or of a waiver of these laws, regulations, or rules granted by the applicable aeronautical authorities.

ANNEX III

Principles of Non-Discrimination Within and Competition among Computer Reservations Systems

Recognizing that Article 11 (Fair Competition) of this Agreement guarantees the airlines of both Parties "a fair and equal opportunity to compete,"
Considering that one of the most important aspects of the ability of an airline to compete is its ability to inform the public of its services in a fair and impartial manner, and that, therefore, the quality of information about airline services available to travel agents who directly distribute such information to the traveling public and the ability of an airline to offer those agents competitive computer reservations systems (CRSs) represent the foundation for an airline's competitive opportunities, and considering that it is equally necessary to ensure that the interests of the consumers of air transport products are protected from any misuse of such information and its misleading presentation and that airlines and travel agents have access to effectively competitive computer reservations systems:

1. The Parties agree that CRSs will have integrated primary displays for which:

a. Information regarding international air services, including the construction of connections on those services, shall be edited and displayed based on non-discriminatory and objective criteria that are not influenced, directly or indirectly, by airline or market identity. Such criteria shall apply uniformly to all participating airlines.

b. CRS data bases shall be as comprehensive as possible.

c. CRS vendors shall not delete information submitted by participating airlines; such information shall be accurate and transparent; for example, code-shared and change-of-gauge flights and flights with stops should be clearly identified as having those characteristics.

d. All CRSs that are available to travel agents who directly distribute information about airline services to the traveling public in either Party's territory shall not only be obligated to, but shall also be entitled to, operate in conformance with the CRS rules that apply in the territory where the CRS is being operated.

e. Travel agents shall be allowed to use any of the secondary displays available through the CRS so long as the travel agent makes a specific request for that display.

2. A Party shall require that each CRS vendor operating in its territory allow all airlines willing to pay any applicable non-discriminatory fee to participate in its CRS. A Party shall require that all distribution facilities that a system vendor provides shall be offered on a non-discriminatory basis to participating airlines. A Party shall require that CRS vendors display, on a non-discriminatory, objective, carrier-neutral and market-neutral basis, the international air services of participating airlines in all markets in which they wish to
sell those services. Upon request, a CRS vendor shall disclose details of its database update and storage procedures, its criteria for editing and ranking information, the weight given to such criteria, and the criteria used for selection of connect points and inclusion of connecting flights.

3. CRS vendors operating in the territory of one Party shall be entitled to bring in, maintain, and make freely available their CRSs to travel agencies or travel companies whose principal business is the distribution of travel-related products in the territory of the other Party if the CRS complies with these principles.

4. Neither Party shall, in its territory, impose or permit to be imposed on the CRS vendors of the other Party more stringent requirements with respect to access to and use of communication facilities, selection and use of technical CRS hardware and software, and the technical installation of CRS hardware, than those imposed on its own CRS vendors.

5. Neither Party shall, in its territory, impose or permit to be imposed on the CRS vendors of the other Party more restrictive requirements with respect to CRS displays (including edit and display parameters), operation, or sale than those imposed on its own CRS vendors.

6. CRSs in use in the territory of one Party that comply with these principles and other relevant non-discriminatory regulatory, technical, and security standards shall be entitled to effective and unimpaired access in the territory of the other Party. One aspect of this is that a designated airline shall participate in such a system as fully in its homeland territory as it does in any system offered to travel agents in the territory of the other Party. Owners/operators of CRSs of one Party shall have the same opportunity to own/operate CRSs that conform to these principles within the territory of the other Party as do owners/operators of that Party. Each Party shall ensure that its airlines and its CRS vendors do not discriminate against travel agents in their homeland territory because of their use or possession of a CRS also operated in the territory of the other Party.

ANNEX IV

Transitional Arrangements

The following transitional provisions shall limit the exercise of the rights set out in Article 8, paragraph 3, and Annex I, as set out below. These limitations shall expire on December 31, 2003, or on such earlier date as provided in this Annex.
Article 8, Paragraph 3 - Groundhandling

At airports in the Republic of Poland other than Warsaw's Chopin Airport, the following provision shall apply until December 31, 2002 or when self-handling becomes available at a Polish airport or airports served by an airline designated by the United States of America, whichever is earlier:

The designated airlines of the United States of America shall have the right to select their own handling agents in every airport in the Republic of Poland from among companies authorized to provide such services to any airline at the airport. The Parties agree that airport groundhandling services will be provided to the scheduled and charter airlines without discrimination and on a basis no less favorable than that provided for the national airline or airlines.

Annex 1

A. Notwithstanding the provisions of Section 1 Routes A1 and A2, airlines of the United States of America may operate on the following route:

From points in the United States of America via intermediate points* to Warsaw, Krakow and two additional points in the Republic of Poland1 and beyond* without geographical or directional limitation.

*Intermediate/beyond points: Austria, Belgium, Canada, Czech Republic/Slovakia, Denmark, Finland, the Federal Republic of Germany, France, Hungary, Iceland, Ireland, the Netherlands, Norway, Romania, Sweden, Switzerland, Spain, and the United Kingdom. Designated airlines of the United States of America may serve any intermediate/beyond points for code-share only services, without local traffic rights between these points and the Republic of Poland. The United States of America will notify the Republic of Poland by diplomatic note of its choices, which may be changed on 30 days' notice.

---

1 These points are to be selected by the United States of America, which will notify the Republic of Poland of its choice by diplomatic note. These selections may be changed by the United States of America, following 30 days' notice to the Republic of Poland. In addition, airlines designated by the United States may serve any points in the Republic of Poland on a code-share only basis.
B. Notwithstanding the provisions of Section 1 Routes B1 and B2, airlines of the Republic of Poland may operate on the following route:

From points in the Republic of Poland via intermediate points** to New York, Chicago, Los Angeles, and Miami and two additional points* and beyond** without geographical or directional limitation.

**Intermediate/beyond points: Austria, Belgium, Canada, Czech Republic/Slovakia, Denmark, Finland, the Federal Republic of Germany, France, Hungary, Iceland, Ireland, the Netherlands, Norway, Romania, Sweden, Switzerland, Spain, and the United Kingdom. Designated airlines of the Republic of Poland may serve any intermediate/beyond points for code-share only services, without local traffic rights between these points and the United States of America. The Republic of Poland will notify the United States of America by diplomatic note of its choices, which may be changed on 30 days' notice.

* These points are to be selected by the Republic of Poland, which will notify the United States of America of its choices by diplomatic note. These selections may be changed by the Republic of Poland, following 30 days' notice to the United States of America. In addition, airlines designated by the Republic of Poland may serve any points in the United States of America on a code-share only basis.
