AIR TRANSPORT SERVICES

Agreement and Accompanying Exchange of Notes between the United States of America and the Dominican Republic

Signed at Ciudad Trujillo July 19, 1949

Entered into force July 19, 1949
Having in mind the resolution signed under date of December 7, 1944, at the International Civil Aviation Conference in Chicago, for the adoption of a standard form of agreement for air routes and services, and the desirability of mutually stimulating and promoting the further development of air transportation between the United States of America and the Dominican Republic, the two Governments parties to this arrangement agree that the establishment and development of air transport services between their respective territories shall be governed by the following provisions:

ARTICLE 1

Each contracting party grants to the other contracting party the rights as specified in the Annex thereto necessary for establishing the international civil air routes and services therein described, whether such services be inaugurated immediately or at a later date at the option of the contracting party to whom the rights are granted.

1 Department of State publication 2282; Conference Series 64.
ARTICLE 2

a) Each of the air services so described shall be placed in operation as soon as the contracting party to whom the rights have been granted by Article 1 to designate an airline or airlines for the route concerned has authorized an airline for such route, and contracting party granting the rights shall, subject to Article 6 hereof, be bound to give the appropriate operating permission to the airline or airlines concerned; provided that the airlines so designated may be required to qualify before the competent aeronautical authorities of the contracting party granting the rights under the laws and regulations normally applied by these authorities before being permitted to engage in the operations contemplated by this agreement; and provided that in areas of hostilities or of military occupation, or in areas affected thereby, such inauguration shall be subject to the approval of the competent military authorities.

ARTICULO 2

a) Cada uno de los servicios aéreos así descritos será puesto en funcionamiento tan pronto como la parte contratante a la cual, de acuerdo con el Artículo 1, se hayan otorgado los derechos con el fin de que desplace una línea aérea o líneas aéreas para la ruta de que se trate, haya autorizado una línea aérea para que opere en dicha ruta. La parte contratante que otorgue los derechos estará, sin perjuicio de lo que se expresa en el artículo 6 de este acuerdo, comprometida a dar el correspondiente permiso de funcionamiento a la línea aérea o a las líneas aéreas interesadas, siempre que a las líneas aéreas así designadas se les requiera, antes de que se les permita comenzar las operaciones contempladas en este acuerdo, someterse a una calificación ante las autoridades aeronáuticas competentes de la parte contratante que otorgue los derechos, calificación hecha de acuerdo con las leyes y reglamentos que aplican normalmente estas autoridades, y siempre que en las áreas de hostilidades o de ocupación militar, o en las áreas afectadas por éstas, esa inauguración esté sujeta a la aprobación de las autoridades militares competentes.
ARTICLE 3

In order to prevent discriminatory practices and to assure equality of treatment, both contracting parties agree that:

a) Each of the contracting parties may impose or permit to be imposed just and reasonable charges for the use of public airports and other facilities under its control. Each of the contracting parties agrees, however, that these charges shall not be higher than would be paid for the use of such airports and facilities by its national aircraft engaged in similar international services.

b) Fuel, lubricating oils and spare parts introduced into the territory of one contracting party by the other contracting party or its nationals, and intended solely for use by aircraft of the airlines of such contracting party shall, with respect to the imposition of customs duties, inspection fees or other national duties or charges by the contracting party whose territory is entered, be accorded the same treatment as that applying to national airlines and to airlines of the most-favored-nation.

ARTICULO 3

A fin de prevenir prácticas discriminatorias y de asegurar la igualdad de tratamiento, ambas partes contratantes acuerdan lo siguiente:

a) Cada una de las partes contratantes puede establecer, o permitir que se establezcan, gravámenes justos y razonables por el uso de los aeropuertos públicos y otras facilidades bajo su control. Cada una de las partes contratantes conviene, sin embargo, que estos gravámenes no serán más altos que los que pagarian, por el uso de dichos aeropuertos y facilidades, sus naves aéreas nacionales que rindan servicios internacionales similares.

b) Al combustible, a los aceites lubricantes y a las piezas de repuesto introducidos en el territorio de una parte contratante por la otra parte contratante o sus nacionales, y destinados exclusivamente al uso de las naves aéreas de las líneas aéreas de dicha parte contratante, se les acordará, respecto de la imposición de derechos de aduana, honorarios de inspección u otros impuestos o gravámenes nacionales por la parte contrante en cuyo territorio vaya a entrar, el mismo tratamiento de que disfruten las líneas aéreas nacionales y las líneas aéreas de la nación más favorecida.
c) The fuel, lubricating oils, spare parts, regular equipment and aircraft stores retained on board civil aircraft of the airlines of one contracting party authorized to operate the routes and services described in the Annex shall, upon arriving in or leaving the territory of the other contracting party, be exempt from customs, inspection fees or similar duties or charges, even though such supplies be used or consumed by such aircraft on flights in that territory.

**Article 4**

Certificates of airworthiness, certificates of competency and licenses issued or rendered valid by one contracting party and still in force shall be recognized as valid by the other contracting party for the purpose of operating the routes and services described in the Annex. Each contracting party reserves the right, however, to refuse to recognize, for the purpose of flight above its own territory, certificates of competency and licenses granted to its own nationals by another State.
Article 5

a) The laws and regulations of the contracting party relating to the admission to or departure from its territory of aircraft engaged in international air navigation, or to the operation and navigation of such aircraft, while within its territory, shall be applied to the aircraft of the other contracting party, and shall be complied with by such aircraft upon entering or departing from or while within the territory of the first party.

b) The laws and regulations of the contracting party relating to the admission to or departure from its territory of passengers, crew, cargo of aircraft, such as regulations relating to entry, customs, immigration, passports, and quarantine, shall be complied with by or on behalf of the passengers, crew or cargo of the airlines designated by the other contracting party upon entry into or departure from, or while within the territory of the first party.
ARTICLE 6

Each contracting party reserves the right to withhold or revoke a certificate or permit of any airline designated by the other contracting party in the event it is not satisfied that substantial ownership and effective control of such airline are vested in nationals of the other contracting party, or in case of failure by the airline designated by the other contracting party to comply with the laws and regulations of the contracting party over whose territory it operates as described in Article Five hereof, or otherwise to fulfill the conditions under which the rights are granted in accordance with this agreement and its Annex.

ARTICLE 7

This agreement and all contracts connected therewith shall be registered with the International Civil Aviation Organization.

ARTICLE 8

Existing rights and privileges relating to air transport services which may have been granted previously by either of the contracting parties to an airline of the other contracting party shall continue in force according to their terms.
ARTICLE 9

Either of the contracting parties at any time notify the other its intention to terminate the present agreement. Such a notice shall terminate six (6) months after the date of receipt of the notice to terminate, unless agreement between the contracting parties the communication under reference is withdrawn before the expiration of that time. Notice shall all be deemed as having been received 14 days after its receipt by the International Civil Aviation Organization.

ARTICLE 10

In the event either of the contracting parties considers it desirable to modify the routes or conditions set forth in the attached annex, it may request consultation between the competent authorities of both contracting parties, such consultation to begin within a period of sixty days from the date of the request. When these authorities mutually agree on new or revised conditions affecting the Annex, their recommendations on the matter will come into effect after they have been confirmed by an exchange of diplomatic notes.
Except as otherwise provided in this agreement or its Annex, any dispute between the contracting parties relative to the interpretation or application of this agreement or its Annex, which cannot be settled through consultation, shall be submitted for an advisory report to a tribunal of three arbitrators, one to be named by each contracting party, and the third to be agreed upon by the two arbitrators so chosen, provided that such third arbitrator shall not be a national of either contracting party. Each of the contracting parties shall designate an arbitrator within two months of the date of delivery by either party to the other party of a diplomatic note requesting arbitration of a dispute; and the third arbitrator shall be agreed upon within the time limitation indicated, the vacancy thereby created shall be filled by the appointment of a person designated by the President of the Council of International Civil Aviation Organization from a panel of arbitral personnel maintained in accordance with the practice of International Civil Aviation Organization. The executive authorities of the contracting parties will use their best efforts under the powers available to them to put into force the provisions of this article.
.Article 12

This agreement, including the provisions of the Annex thereto, shall come into force on the day it is signed.

In witness whereof, the undersigned, being duly authorized by their respective Governments, have signed the present agreement.

Done at Ciudad Trujillo this nineteenth day of July 1949, in duplicate in the English and Spanish languages, each of which shall be of equal authenticity.
