With exchange of notes.
AIR TRANSPORT AGREEMENT
BETWEEN THE GOVERNMENT OF
THE UNITED STATES OF AMERICA
AND THE GOVERNMENT OF IRAN

The Government of the United States of America, and the Government of Iran,
Being equally desirous of concluding an Agreement for the purpose of establishing and providing air services between their respective territories, have agreed as follows:
ARTICLE 1
Definition

For the purpose of the present Agreement, unless the context otherwise requires:

(a) the term "aeronautical authorities" means, in the case of the United States of America, the Civil Aeronautics Board and any person or body authorized to perform any functions at present exercised by the said Civil Aeronautics Board or similar functions; and, in the case of Iran, the Civil Aviation Administration and any person or body authorized to perform any functions at present exercised by the said Administration or similar functions;

(b) the term "designated airline" means an airline which has
been designated and authorized in accordance with the provisions of Article 3 of this Agreement;

(c) the term "air service" shall mean any scheduled air service performed by aircraft for the public transport of passengers, mail or cargo, separately or in combination;

(d) the term "international air service" shall mean an air service which passes through the air space over the territory of more than one State;

(e) the term "stop for non-traffic purposes" shall mean a landing for any purpose other than taking on or discharging passengers, cargo or mail;

(f) the term "Agreement" shall mean this Agreement, the
annexed Route Schedule, and any amendments thereto.

ARTICLE 2
Transit and Traffic Rights

(a) Each Contracting Party grants to the other Contracting Party the rights specified in the present Agreement for the conduct of scheduled international air services by the designated airline or airlines of the other Contracting Party as follows:

(1) to fly, without landing, across the territory of the other Contracting Party.

(2) to make stops in the said territory for non-traffic purposes; and
(3) to make stops in the said territory at points specified for that route in the Route Schedule annexed to the Agreement for the purpose of putting down and taking on international traffic in passengers, cargo and mail, separately or in combination.

(b) Nothing in the provisions of the Agreement shall be deemed to confer on a designated airline of one Contracting Party the right to take up, in the territory of the other Contracting Party, passengers, cargo or mail carried for remuneration or hire and destined for another point in the territory of that other Contracting Party.

(c) In areas of hostilities or of military occupation, or areas
affected thereby, the operation of such services shall be subject to the provisions of Article 9 of the Chicago Convention on International Civil Aviation, 7 December 1944[1] and of Article 1 of the International Air Services Transit Agreement, 7 December 1944.[2]

ARTICLE 3
Designation and Necessary Authorizations

(a) Each Contracting Party shall have the right to designate in writing through diplomatic channels, to the other Contracting Party an airline or airlines for the purpose of operating the services on the specified routes.

(b) On receipt of such designation, the other Contracting Party, shall, subject to the provisions of paragraphs (c) and

(d) of this Article, without undue delay grant to the airline or airlines designated, the appropriate authorization.

(c) The aeronautical authorities of one Contracting Party may require the airline or airlines designated by the other Contracting Party to satisfy them that it is qualified to fulfill the conditions prescribed under the laws and regulations normally applied to the operation of international air services by such authorities in conformity with the provisions of the Chicago Convention on International Civil Aviation, 7 December 1944.

(d) Each Contracting Party shall have the right to refuse to grant the operating authorizations referred to in paragraph
(b) of this Article, or to impose such conditions as it may deem necessary on the exercise by the designated airline or airlines of the rights specified in Article 2 of the present Agreement, in any case where the said Contracting Party is not satisfied that substantial ownership and effective control of that airline are vested in the Contracting Party designating the airline or its nationals, or if such airline fails to qualify under the laws and regulations normally applied by the aeronautical authorities of the said Contracting Party.

ARTICLE 4
Suspension and Revocation

(a) Each Contracting Party shall have the right to revoke an
operating authorization or to suspend the exercise of the rights specified in Article 2 of the present Agreement by an airline designated by the other Contracting Party, or to impose such conditions as it may deem necessary on the exercise of these rights:

(1) in any case where it is not satisfied that substantial ownership and effective control of that airline are vested in the Contracting Party designating the airline or in nationals of such Contracting Party, or

(2) in the case of failure by that airline to comply with the laws and/or regulations of the Contracting Party
granting these rights as referred to in Article 5.

(b) Unless immediate revocation, suspension or imposition of the conditions mentioned in paragraph (a) of this Article is essential to prevent further infringement of such laws and/or regulations, such right shall be exercised only after consultation with the other Contracting Party.

ARTICLE 5
Applicability of Laws and Regulations

(a) The laws and regulations of one Contracting Party relating to entry into or departure from its territory of aircraft engaged in international air navigation or to operation and
navigation of such aircraft above or within its territory shall apply to aircraft of a designated airline of the other Contracting Party. Flight timetables required in connection with such laws and regulations will be filed by a designated airline of one Contracting Party with the aeronautical authorities of the other Contracting Party at least thirty days prior to the introduction of services on the specified routes, unless otherwise agreed.

(b) The laws and regulations of one Contracting Party as to the admission to or departure from its territory of passengers, crew or cargo of aircraft, such as regulations relating to entry, clearance, immigration, passports, customs
and quarantine shall be com-
plied with by or on behalf of
such passengers, crew or cargo
upon entrance into or departure
from or while within the terri-
tory of that Contracting Party.

(c) A designated airline of one
Contracting Party shall have
the right to maintain its own
representation in the territory
of the other Contracting Party
for the sale of air transporta-
tion.

(d) Transfer of funds received by
the designated airlines of the
Contracting Parties shall be
made in accordance with the
foreign exchange regulations
in force in the territory of
the respective Contracting
Parties. The Contracting
Parties shall do everything in
their power to facilitate the
transfer of such funds.

(e) Each Contracting Party shall upon request supply to the other Contracting Party copies of the relevant laws and regulations referred to in this Article.

ARTICLE 6
Exemption from Customs and Other Duties

(a) Aircraft of the designated airline or airlines of one Contracting Party operating international services, and supplies of fuel, lubricating oils, other consumable technical supplies, spare parts including aircraft engines, regular equipment and stores retained on board aircraft of the airlines of one Contracting Party authorized to operate
the routes and services provided for in this Agreement shall, upon arriving in or leaving the territory of the other Contracting Party, be exempt to the fullest extent possible under the national law of that other Contracting Party and on a basis of reciprocity from quantitative limitations, customs duties, inspection fees and other national duties or charges, even though such supplies be used or consumed by such aircraft on flights in that territory.

(b) Fuel, lubricating oils, consumable technical supplies, spare parts including aircraft engines, regular equipment including ground equipment used exclusively within the confines of an international airport and stores imported into the
territory of one Contracting Party by the other Contracting Party or its nationals, and intended solely for use by aircraft of a designated airline of such Contracting Party shall be exempt to the fullest extent possible under the national law of the first Contracting Party and on a basis of reciprocity from quantitative limitations, customs duties, inspection fees and other national duties or charges.

(c) Fuel, lubricating oils, other consumable technical supplies, spare parts including aircraft engines, regular equipment, and stores taken on board aircraft of a designated airline of one Contracting Party in the territory of the other Contracting Party and used in international services shall be exempt to the fullest extent possible under the national
law of that other Contracting Party and on a basis of reciprocity from customs duties, excise taxes, taxes, inspection fees and other national duties or charges.

(d) The regular airborne equipment as well as the materials and supplies retained on board the aircraft of a designated airline of either Contracting Party may be unloaded in the territory of the other Contracting Party only with the approval of the customs authorities of that Contracting Party. In such case, they may be placed under the supervision of the said authorities up to such time as they are re-exported or otherwise disposed of in accordance with customs regulations.

(e) The exemptions provided for by this Article shall also be available in situations where
a designated airline of one Contracting Party has entered into arrangements with another airline or airlines for the loan or transfer in the territory of the other Contracting Party of the items specified in paragraph (b) provided such other airline or airlines similarly enjoy such exemptions from that other Contracting Party.

ARTICLE 7
Facilities and Airport Charges

Each of the Contracting Parties may impose or permit to be imposed just and reasonable charges for the use of airports and other facilities under its control. Each of the Contracting Parties agrees, however, that such charges shall not be higher than would be paid for the use of
such airports and facilities by its national aircraft engaged in similar international services.

ARTICLE 8
Capacity Regulations

(a) The designated airlines of the two Contracting Parties shall be afforded fair and equal treatment in order that they may enjoy equal opportunities in the operation of the services on the specified routes.

(b) In operating the services, the designated airline or airlines of each Contracting Party shall take into account the airline interests of the other Contracting Party so as not to affect unduly the services which the latter provides on the whole or part of the same routes.

(c) The services provided by the
designated airlines of the two Contracting Parties shall have as their primary objective the provision, at a reasonable load factor, of capacity adequate to the traffic demands between the territory of the Contracting Party designating the airline and the countries of ultimate destination of the traffic. In addition the designated airlines of both Contracting Parties may provide capacity related to:

(1) traffic requirements between points in the territory of the other Contracting Party and points in the territories of third countries and

(2) traffic requirements between points on the routes in the territories of third
countries specified in
the Route Schedule of
the Agreement, after
taking account of local
and regional air serv-
ices.

(d) In the event that one of the
Contracting Parties believes
that the operations conducted
by an airline of the other
Contracting Party have been
inconsistent with the stand-
ards and principles set forth
above, it may request con-
sultations according to agreed
procedures[1] for the purpose of
reviewing the operations in
question to determine whether
they are in conformity with
the said standards and prin-
ciples.

ARTICLE 9
Recognition of Certificates
and Licenses

Certificates of airworthiness,

---

[1] For text, see p. 57.
certificates of competency and licenses issued or rendered valid by one Contracting Party, and still in force, shall be recognized as valid by the other Contracting Party for the purpose of operating the routes and services provided for in this Agreement, provided that the requirements under which such certificates or licenses were issued or rendered valid are equal to or above the minimum standards which are or may be established pursuant to the Chicago Convention on International Civil Aviation, 7 December 1944. Each Contracting Party reserves the right, however, to refuse to recognize, for the purpose of flight above its own territory, certificates of competency and licenses granted to its own nationals by another State.

ARTICLE 10
Air Transport Tariffs

(a) All rates to be charged by
an airline of one Contracting Party for carriage to or from the territory of the other Contracting Party shall be established at reasonable levels, due regard being paid to all relevant factors, such as costs of operation, reasonable profit and the rates charged by any other airlines, as well as the characteristics of each service. Such rates shall be subject to the approval of the aeronautical authorities of the Contracting Parties, who shall act in accordance with their obligations under this Agreement, within the limits of their legal competence.

(b) Any rate proposed to be charged by an airline of either Contracting Party for carriage to or from the territory of the
other Contracting Party shall, if so required, be filed by such airline with the aeronautical authorities of the other Contracting Party at least thirty days before the proposed date of introduction unless the Contracting Party with whom the filing is to be made permits filing on shorter notice. The aeronautical authorities of each Contracting Party shall use their best efforts to insure that the rates charged and collected conform to the rates filed with either Contracting Party, and that no airline rebates any portion of such rates by any means, directly or indirectly, including the payment of excessive sales commissions to agents.

(c) It is recognized by both Contracting Parties that during any period for which either Contracting Party has approved
the traffic conference procedures of the International Air Transport Association or other association of international air carriers, any rate agreements concluded through these procedures and involving an airline or airlines of that Contracting Party will be subject to the approval of the aeronautical authorities of that Contracting Party.

(d) If a Contracting Party, on receipt of the notification referred to in paragraph (b) above, is dissatisfied with the rate proposed, it shall so inform the other Contracting Party at least fifteen days prior to the date that such rate would otherwise become effective, and the Contracting Parties shall endeavor to reach agreement on the appropriate rate.
(e) If a Contracting Party upon review of an existing rate charged for carriage to or from its territory by an airline or airlines of the other Contracting Party is dissatisfied with that rate, it shall so notify the other Contracting Party and the Contracting Parties shall endeavor to reach agreement on the appropriate rate.

(f) In the event that an agreement is reached pursuant to the provisions of paragraph (d) or (e), each Contracting Party will exercise its best efforts to put such rate into effect.

(g) If:

(1) under the circumstances set forth in paragraph (d) no agreement can be reached prior to the date that such rate would
otherwise become effective, or

(2) under the circumstances set forth in paragraph (e) no agreement can be reached prior to the expiration of sixty days from the date of notification,

then the Contracting Party raising the objection to the rate may take such steps as it may consider necessary to prevent the inauguration or the continuation of the service in question at the rate complained of; provided, however, that the Contracting Party raising the objection shall not require the charging of a rate higher than the lowest rate charged by its own airline or airlines for comparable service between the same points.
(h) When in any case under paragraph (d) and (e) of this Article the Contracting Parties can not agree within a reasonable time upon the appropriate rate after consultations initiated by the complaint of one Contracting Party concerning the proposed rate or an existing rate of the airline or airlines of the other Contracting Party, upon the request of either, the terms of Article 13 of this Agreement shall apply.

ARTICLE 11
Supply of Statistics

The aeronautical authorities of one Contracting Party shall supply to the aeronautical authorities of the other Contracting Party, from time to time upon request, statistics relating to the traffic carried by a
designated airline of the first Contracting Party to and from the territory of the other Contracting Party. The details of such statistical traffic data which the aeronautical authorities of one Contracting Party may desire from the aeronautical authorities of the other Contracting Party shall be the subject of mutual discussion and agreement between the aeronautical authorities of the two Contracting Parties.

ARTICLE 12
Consultation and Modifications

(a) Either Contracting Party may at any time request consultations on the interpretation, application or amendment of this Agreement. Such consultations shall begin within a period of sixty days from the date of the request.
(b) Modifications to the Route Schedule shall be agreed between appropriate authorities of the Contracting Parties and shall come into force after an exchange of diplomatic notes.

ARTICLE 13
Settlement of Disputes

(a) If any dispute arises between the Contracting Parties relating to the interpretation or application of the Agreement, the Contracting Parties shall endeavor to settle it by negotiations.

(b) If the Contracting Parties fail to reach a settlement pursuant to paragraph (a) above, they shall consult in regard to appropriate other procedures for resolving the dispute.
ARTICLE 14
Termination

Either Contracting Party may at any time give notice to the other Contracting Party of its intention to terminate the present Agreement; such notice shall be simultaneously communicated to the International Civil Aviation Organization. In such case the Agreement shall terminate twelve months after the date of receipt of the notice by the other Contracting Party, unless the notice to terminate is withdrawn by agreement before the expiry of this period. In the absence of acknowledgement of receipt by the other Contracting Party, notice shall be deemed to have been received fourteen days after the receipt of the notice by the International Civil Aviation Organization.

ARTICLE 15
Conformity with Multilateral Conventions

If a general multilateral air
transport convention or agreement, comes into force in respect of both Contracting Parties, the present Agreement shall be considered amended so as to conform with the provisions of such convention or agreement.

ARTICLE 16
Registration

This Agreement and all amendments thereto shall be registered with the International Civil Aviation Organization.

ARTICLE 17
Entry into Force

This Agreement shall enter into force on the date of an exchange of diplomatic notes indicating approval of each Contracting Party, in accordance with its constitutional requirements.[1]
In witness whereof, the under-signed, being duly authorized by their respective Governments, have signed the present Agreement.
