AFD

**Supporting Country Investment Plans**
- Strategic coordination: Comprehensive approach
- Leveraging multilaterals

**AFDI Commitments**
- Yes, not only rubber development but also demonstrative on field actions to promote food crop development and associations.
- Yes: entirely integrative approach.
- Yes: coordination with MCC/CGIAR Center, International Fund for Agricultural Development (IFAD), National Rural Poverty Reduction Program (PRDR).
- Yes: Water management and food security integrated through rice production and commercialization capacities.
- Yes: National Comité for coordination on rice based on a Steering Committee of different projects on rice-trading EU and World Bank.

**Indicators**
- Ghett induced by 2015: One of the first indicators taken from the logical framework.
- Infrastructure completed: Irrigation scheme under construction, selection of farmers process on-going.
- Indicators taken from the logical framework:
  - Rubber scheme: by 2015
  - District support: by 2016

**Managing for Development Results**
- Objective: Deliver targeted assistance to competitive rice farming systems over 2000 hectares of irrigated land
- Objective: Contribute to national food security and economic growth, poverty alleviation and better use of water resources. Support to commercialization and create local added value on rice sector.

**AFDI Commitments**
- Funding: $ 10.4 M committed as a grant. ($ 2.0 M FY 2010, $ 3.8 M FY 2011 and $ 4.6 M FY 2012). Over the total amount, $ 4.8 M was provided by Swiss food security initiative of 2006 (Barom).
- Funding: $ 30.5 M for support to rural district development. The non sovereign support to the rubber outgrowers scheme development follows 15 years of support to the sector through sovereign loans and contractual agreements.

**GEOGRAPHIC FOCUS:** Central and Western regions of Ghana (location of rubber plantations) for rubber, nationwide for rural finance and support to district development (170 districts).

**GEOGRAPHIC FOCUS:** Senegal River basin, Dagana department, Senegal River Delta.

**FUNDING:** $ 53.6 M committed, $ 20.4 M FY 2010 and 33.18 FY 2011. Of this total, $ 20.4 M funding through a non-sovereign concessionary loan to a public financial institution for contract farming and outgrower schemes in rubber, amounting $ 2.3 M for microfinance and rural finance development and $ 30.5 M for support to rural district development. The non sovereign support to the rubber outgrowers scheme development follows 15 years of support to the sector through sovereign loans and contractual agreements.

**Indicators:**
- Support to rubber outgrowers scheme: development of 10 500 ha by 3 500 outgrowers to produce 17 850 additional tons per year from 2017. Objectives of reducing poverty by increasing revenue of small farmers, rural and urban finance, development and mobilization of access to rural finance to support investment in particular in food crop farming and help improve livelihood conditions of the rural population.
- Support to the districts: strengthening of basic rural infrastructure, capacity building of districts in order to improve living conditions of rural population.
- Support to rural district development.

**Progress To-Date**
- Project started early 2012.
- Rubber project: As of December 2011, a total of 7,001.56 hectares of land have been cultivated by 2,710 beneficiaries.
- District development: The project started early 2012.
- Rubber project: FASDEP II and rubber masterplan (to be updated), as well as the national policy on the development of perennial crops (to be approved).
- District development: yes, cofinancing with WB.
